

GONDWANA GEOLOGICAL MAGAZINE

Volume 4-5 - 1992-93

CONTENTS

From The Editor

Genesis of the tungsten Deposit in Balda, Rajasthan. 1-8

M.S.Naik

Incidences of Basemetal Mineralisation in 9-12 Precambrian of Harda Region, Madhya Pradesh

V .K.Khadse and G.S.Sitaram

Palaeoenvironmental interpretation of Lameta 13-22 Formation (Late Cretaceous) of Nand Area, Nagpur District, Maharashtra.

D.M. Mohabey and S.G. Udhoji

Petrochemistry of Deccan Basalts around Mower, Nagpur District, Maharashtra. 23-30

M.R.Borikar and N.K.Mohabey

Textural and Structural characteristics of the Cretaceous Bagh Sandstones 31-39 associated with Carbonatite -Alkaline Intrusives of Chhota Udaipur, Gujrat, India.

R.K.Avasia, W.J. Chang and L.G.Gwalani

Chemistry of the Groundwater in Precambrian Sediments of the 40-53-A Vindhyan Super Group, Northeastern Madhya Pradesh, India.

Yamuna Singh

On some Palm Remains from the Deccan Intertrappean 54-64 Beds of Betul District, Madhya Pradesh, India.

B.B.Gayakwad, & G. V .Patil

Petrographic Studies of the Bagh Beds along the Narmada Valley in 65- 79 Madhya Pradesh, India

S. Ramasamy and J. Madhavaraju

Miocene Spore and Pollen Complex from a Borewell at Thakkazhi 80-86

in alleppey District Kerala.

G.Muralidhara Rao, R.R.Reddy and C.G.K.Ramanujam

SoU Mapping utilising Remote Sensing Techniques and Groundwater 87-105 Balance

Study of Somni Nala Basin, Durg District, Madhya Pradesh.

S.K.Pande and P.K.Shrivastava

Geothermal System in Deccan Trap Province, Western Maharashtra, India. 106-116

G.G.Deshpande and U.L.Pitale

Geomorphology of the Baroda Urban Complex, Gujarat State. 117-123 S.F.

Barodawala and P.K.Patel

Alternatives for Big dams 124-130 Madhusudan Patil

Reports

International Conference on Mineral Development and Environment. 131-132

K.L.Rai
